Value policy

# Welcome.

We would like to offer you a warm welcome as a member of Bought By Many and a big thank you for buying your pet insurance from us.

We have designed our policies and customer service to be honest, friendly and easy to deal with. So whether you have any questions, compliments, problems or even complaints, we want to hear about them.

Policy documents can be a bit of a chore so we've tried to remove any jargon and confusing language to make it easy to understand. We're proud to say it is the first pet insurance policy in the UK to carry the Fairer Finance Clear and Simple document accreditation.

Bought By Many aims to pay every valid claim we receive. To make that happen we recommend you take a few minutes to read through the relevant sections of your policy wording.

It will help you understand what you are entitled to and make sure your claim is accepted. We exist to change insurance for the better. We have built online communities to help people get more from their pet, travel, home insurance and more.

We created our pet cover by listening to the needs, frustrations and suggestions of our members. They told us what was missing from existing policies, or what didn't work well.

If you have anything you would like to add to help shape future policies, or if there is anything you don't understand, we would love to hear from you.

## FirstVet.

As a Bought By Many customer, you can access unlimited advice from FirstVet directly on your mobile or computer.

There's no excess to pay for using the service and it doesn't affect your vet fee limit.

Here are some of the things they may be able to help you with:

- Vomiting and diarrhea
- Itching and skin problems
- Eye and ear problems

FirstVet can also give you advice for things not covered by your insurance, for example, preventative care. However, those appointments must be paid for by you. Please check your policy wording to find out if any recommended treatment is covered by your policy.

## Important!

If your animal is very sick or badly injured you should always seek veterinary care immediately.

## How it works:

1. Download the FirstVet app from [firstvet.com/uk/](https://firstvet.com/uk/). Register with the same email address, phone number and date of birth you used for your Bought By Many policy.

2. Click 'My pets' - the section will be populated with your pet's details.

3. When you need a consultation, select your pet, describe its symptoms and choose a time slot.

4. Enable notifications on your phone to receive an alert when your vet starts the video call.

After the visit, a journal will be sent to you with the vet's advice and diagnosis. You'll also be sent a referral for treatment if you need one.

This policy meets the demands and needs of individuals who require cover for new and recurring conditions with a £3,000 limit that you can claim each year you renew.

We will use this document when deciding whether to pay a claim so if anything does not look right, let us know as soon as possible.

Your policy starts on [*start date as chosen by customer*] and will run for 12 months. It will renew automatically unless you tell us to stop the policy. We do this to make sure there are no gaps in your cover. We will contact you by email before renewal to remind you about this.

You must tell us as soon as possible if your or your pet's details are wrong or change at any point. For example, you move home, your pet was spayed or neutered, or your pet's age is incorrect.

If your situation changes this may affect your premiums. We will let you know when you contact us or update your details via the My Account on the Bought By Many website.

## 4. How your Value policy works.

## 4. How your Value policy works.

### Multi-pet policy.

You have bought a multi-pet policy for Monty and Molly. All of the limits described below are limits that apply to each pet separately.

### Yearly limit.

#### How this policy works for vet fees

We will pay up to £3,000 for all vet's fees in any one year. This means there is no limit according to the number of claims you make or the number of illnesses your pet suffers. Instead, claims will be paid until the £3,000 limit is reached that year.

When you renew your policy, the limit is reset so there is a new £3,000 to use again if it is needed. This is the case even if you made claims the year before. This means that valid claims can continue across years, as long as the limit is not reached.

There is also a specific limit of £500 for complementary treatments.

BOUGHTBYMANY

### How this policy works for other claims

All other claims have their own specific limits on the maximum amount we will pay out in any one policy year, but no time limit. These limits are shown in each section in the rest of this document.

## 5. Your cover.

## 5. Your cover.

### Cover if your pet needs medical treatment.

Unfortunately, your pet may fall ill or be injured and need treatment by a medical professional. This part of our cover helps you to pay for such bills.

#### Important things you should be aware of

- Pre-Existing conditions are a common cause of claims being turned down in this section. We can cover these conditions at any time after joining Bought By Many, as long as 24 months have passed since they last received treatment, medication or advice. We consider advice to include anything a vet observed and recorded in your pet's clinical history. Once we cover a pre-existing condition, we will continue to cover it as long as you renew your policy each year.

*For example, Molly suffered from hip dysplasia 20 months before her policy started. 5 months after her policy started, Molly needed treatment for hip dysplasia. We can cover the condition because Molly didn't receive any treatment, medication or advice for more than 24 months.*

## BOUGHTBYMANY

Any conditions that first occur while you're insured by Bought By Many are never treated as pre-existing as long as you renew your policy each year.

- You must ensure that your pet has its annual check-up, a dental check-up every 12 months, and vaccinations so they remain healthy. If you don't, then claims might be rejected.

### Your limits and excess

The most we can pay for medical treatment and related costs is £3,000 per year. This is inclusive of the limits below:

You will need to pay your £99 excess per year.

Your excess will change at renewal after your pet's 9th birthday. Your excess will be £99 plus 20% of the remaining claim.

As you have bought a multi-pet policy, the limits and excesses above are per pet.

- Retain any premiums from the date of the fraudulent claim.

A voided policy means that your insurance will be invalidated from the policy start date and is treated as if it never existed. This may also mean you have to declare this to future insurers.

## BOUGHTBYMANY

If we paid a claim to you that turns out was fraudulent, you will need to pay all claims money back to us from the date the fraud occurred. The amount you would need to pay back would also include any eligible claims made after the date the fraud occurred.
